

Risk and Audit Committee Charter

Purpose

The purpose of the Canadian Public Accountability Board's (CPAB) Risk and Audit Committee (Committee) is to assist the Board of Directors (Board) in fulfilling its obligations and oversight responsibilities relating to financial planning, the audit process, financial reporting, the system of corporate controls and risk management, and, when required, to make recommendations to the Board for approval.

In overseeing CPAB's audit procedures, the Committee will have unrestricted access to CPAB's personnel and documents, and will be provided with the resources necessary to carry out its responsibilities, including the authorization to engage independent legal counsel and other advisors.

Management is responsible for the preparation and integrity of CPAB's financial statements and for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations.

The external auditor is responsible for planning and carrying out, in accordance with professional standards, an audit of CPAB's annual financial statements.

Composition and Quorum

The Committee shall consist of three or more directors, none of whom have any direct or indirect association with CPAB or the external auditor which could, in the view of the Board, reasonably interfere with the exercise of the Committee member's independent judgment. A majority of members of the Committee shall constitute a quorum. The Board Chair is an *ex officio* member of the Committee, is not counted in establishing a quorum and does not vote. The Board Vice-Chair, if they are not serving as a member of this Committee, is an *ex officio* member of the Committee, is not counted in establishing a quorum and does not vote.

The Board, on the recommendation of the Board Chair, appoints the Committee Chair and members who shall serve at the pleasure of the Board until their successors are duly appointed.

Committee members shall have a degree of financial literacy deemed appropriate by the Board. Financial literacy is a Committee member's ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by CPAB's financial statements.

In addition, at least one member of the Committee should have a financial designation or relevant financial management expertise.

The Committee may, from time to time, delegate to its Committee Chair certain powers or responsibilities that the Committee itself may have hereunder.

Meetings

The Committee shall meet a minimum of three times per year. The Committee Chair shall prepare an agenda for each meeting based on the Risk and Audit Committee Work Calendar. The Committee may choose to hold additional meetings if considered necessary for it to carry out its responsibilities effectively. The agenda and any pre-reading material for each meeting will be circulated to the Committee members in advance.

Minutes of each meeting must be prepared and circulated to the Committee for review and approval at the Committee's next meeting. When a Board meeting closely follows the Committee's meeting, the Committee Chair will provide a verbal report of the Committee's meeting to the Board, and the minutes of the Committee's meeting will be circulated in advance of the next Board meeting.
